Part II Organizational Action Attach additional statements if needed. See back of form for additional questions.

14 Describe the organizational action and, if applicable, the date of the action or the date against which shareholders' ownership is measured for the action ▶ During the year ended December 31, 2017, Costamare Inc. declared the following cash distributions per share to common stock shareholders of record on the dates specified below:

Date of Record:	Amount per Share:	Date Paid:
January 23, 2017	\$0.10	February 6, 2017
April 21, 2017	\$0.10	May 8, 2017
July 24, 2017	\$0.10	August 7, 2017
October 23, 2017	\$0.10	November 6, 2017

15 Describe the quantitative effect of the organizational action on the basis of the security in the hands of a U.S. taxpayer as an adjustment per share or as a percentage of old basis ▶ Distributions paid in excess of current and accumulated earnings and profits of a corporation reduce the basis of shares of a corporation pursuant to Internal Revenue Code (IRC) Section 301(c)(2) and 316(a). To the extent a return of capital distribution exceeds a shareholders adjusted cost basis, the shareholder should recognize capital gain. Based on current and accumulated earnings and profits of Costamare Inc., each cash distribution paid per share to common shareholders during the year, as of the dates of record, will reduce the basis in each common stock shareholder as shown below:

- \$0.10 per share on January 23, 2017
- \$0.10 per share on April 21, 2017
- \$0.10 per share on July 24, 2017
- \$0.10 per share on October 23, 2017

16 Describe the calculation of the change in basis and the data that supports the calculation, such as the market values of securities and the valuation dates ▶ Based on Costamare Inc.'s current and accumulated earnings and profits, all of the cash distributions paid to common stock shareholders, as of the dates of record, will reduce the basis of each common stock shareholder. To the extent a return of capital distribution exceeds a shareholders adjusted cost basis, the shareholder should recognize capital gain.

Part II Organizational Action (continued)

17 List the applicable Internal Revenue Code section(s) and subsection(s) upon which the tax treatment is based ▶ IRC Section 301(c)(2) and 316(a)

18 Can any resulting loss be recognized? ▶ For US federal income tax purposes, the distributions will not result in any tax losses for the common stock shareholders or Costamare Inc.

19 Provide any other information necessary to implement the adjustment, such as the reportable tax year ▶ The reportable tax year is 2017. Shareholders as of the below record dates should reduce their basis in each common stock share held on these dates, by the following amounts per share:

- \$0.10 per share on January 23, 2017
- \$0.10 per share on April 21, 2017
- \$0.10 per share on July 24, 2017
- \$0.10 per share on October 23, 2017

The reduction in basis is cumulative such that a shareholder who was a common stock shareholder on the date of record for all of the above mentioned distributions in 2017 would be required to reduce its basis by a total of \$0.40 per share.
